Edgewater, Maryland – February 10, 2010
FOR IMMEDIATE RELEASE

**DONNIE NEUENBERGER 2010 PLANS
DAYTONA DOUBLE HEADER
QUAKER CITY CASTINGS**

Donnie Neuenberger and **Quaker City Castings** announce a **seven (7) race deal** beginning with the **NASCAR** Camping World series February 12th race in Daytona. Neuenberger announces the seven race deal which includes **Daytona, Atlanta, Dover, Michigan, and Talladega** competing in the **NASCAR Camping World Series #6** with RWR- Rick Ware Racing. Donnie will also compete in the Daytona **NASCAR Nationwide Series** in a one race deal with **IHOP – International House of Pancakes** as the primary sponsor with Means Motorsports and Jimmy Means.

Donnie Neuenberger **continues** his **long time relationships** with **EZ-Slider Cylinder Liners™** and **IHOP**. Donnie competed in the IHOP Craftsman Truck for several seasons and the EZ-Slider Cylinder Liners™ Nationwide car for the past two seasons.

Donnie Neuenberger is a **survivor**. In 2004 Donnie began the race season with his first fully funded year of racing in the **NASCAR** Busch Series. He stepped out of the car five (5) races into the season after being **diagnosed** with **non-hodgkin's lymphoma**, a form of cancer. After completing eight months of extensive treatment, Donnie then climbed back into his car at the 2005 Daytona season opener. **His cancer remains stable** and he has been working hard to return to a full time ride.

It takes a **special sponsor** to understand the comeback journey Donnie has been on. An all American company, **Quaker City Castings** of Salem, Ohio was experiencing their own set of financial health issues. In 2004 the company was bankrupt. The Korff family purchased the company out of bankruptcy, and Joe Korff took over the helm of Quaker City Castings. The company provides parts for many of the largest companies in America and today the company is doing well. Quaker City Castings is a fully made-in -America, by American workers, iron and steel foundry manufacturing cylinder liners and other iron, steel and stainless steel castings.

The combination of EZ-Slider™, Quaker City Castings, **Donnie Neuenberger** and **Rick Ware Racing** is a **truly American story**. One of coming out of adversity and NEVER EVER EVER giving up.

IHOP restaurants, one of America's favorite restaurant chains, are franchised and operated by Glendale, Calif.-based International House of Pancakes, LLC and its affiliates. International House of Pancakes, LLC is a wholly-owned subsidiary of DineEquity, Inc. IHOP restaurants feature moderately priced, high-quality food and beverage items, and table service in an attractive and comfortable atmosphere. Although IHOP restaurants are best known for their award-winning pancakes, omelettes and other breakfast specialties, IHOP restaurants are open throughout the day and evening hours and offer a broad array of lunch, dinner and snack items as well.

More than 99 percent of IHOP restaurants are operated by franchisees, who are independent business people. Our management belief is that an equity involved franchisee is very responsive to the needs of the guest. As of September 30, 2009, there were 1,433 IHOP restaurants located in 50 states, Canada and Mexico.

2010 is an **exciting year** to bring **Donnie Neuenberger**, **EZ – Slider Cylinder Liners™** and **RWR** together to compete in **NASCAR** Camping World and Nationwide Series racing. See our websites; www.dgnracing.com, www.ez-slider.com, www.qccast.com and www.warerracing.com .
